

Ohio Mental Health Consumer Outcomes System: Missing Data Report -- Instruments 15
Individuals with Outcomes Ratings in the Statewide Database Compared to Individuals with Eligible Claims
April 1, 2006 to March 31, 2007

The following table compares the number of individuals with Outcomes ratings in the statewide database to the number of individuals with eligible claims for the last quarter of FY07 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). This Report is based on Outcomes received as of July 2, 2007 and MACSIS claims received as of July 9, 2007. Each column in the table is described below.

Beginning from Missing Data Report -- 12 (published October, 2006), agencies which had been submitting Outcomes data with multiple UPIDs may have been rolled-up into one name and one UPID for each agency, depending on the needs and desires of the agencies involved and their boards. If you have any difficulty locating an agency name or UPID, please contact our office for further assistance.

This report is in an ongoing series starting from Missing Data Report -- Instruments 13 (January, 2007) that presents the Outcomes submissions broken down into the five Outcomes instruments (Adult Consumer Form, Adult Provider Form, Ohio Scales Short Form (Youth, Parent, and Worker versions) as highlighted in The Ohio Mental Health Consumer Outcomes System Procedural Manual (Eighth Edition) published January 2007. Please see the Missing Data Report Evolution document for a description of the rationale for the changes in the report.

Board--an alphabetical listing of the 50 board areas in the state of Ohio.

Agency Name--an alphabetical listing of the agencies within each board area.

UPID--the unique provider identifier associated with each agency.

Adult Consumer (A & B) Received--the number of individuals with at least one Adult Consumer Form A or Adult Consumer Form B rating ** in the statewide Outcomes database with an administration date during the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" or demographic variables completed were not included.

* For details of the selection of primary service provider please refer to The Ohio Mental Health Consumer Outcomes System Procedural Manual, Seventh Edition or earlier version.

** According to the recommendation from Outcomes System Quality Improvement Group (OSQIG), beginning from July 1, 2007, the Ohio Consumer Outcomes System will no longer use Adult Consumer Form B. All adult consumer should complete the Adult Consumer Form (now known as Adult Consumer Form A) at scheduled intervals.

Adult Consumer (A & B) Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 18 years of age and who had an eligible claim with a service date during the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services.

In addition, individuals who had an Adult Consumer rating (Form A or Form B) but did not have an eligible Adult claim were added to the "Adult Consumer (A & B) Expected" column. Individuals with eligible claims will be exempted from the count of "Adult Consumer (A & B) Expected" if there is no valid "Adult Consumer (A & B) Received" but a valid Youth Outcomes rating was submitted instead within the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007)¹. (Also see sections on Youth Outcomes.)

Adult Consumer (A & B) % --the percentage of the number of individuals in the "Adult Consumer Received" column divided by the number of individuals in the "Adult Consumer Expected" column.

Provider Adult Received--the number of individuals with at least one Provider Adult Form rating in the statewide Outcomes database with an administration date during the last last quarter of FY07 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" variables completed were not included.

Provider Adult Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 18 years of age and who had an eligible claim with a service date during the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. Individuals who come to mental health agencies for resolution of short-term emotional problems who receive only individual/group Behavioral Health Counseling & Therapy either alone or in combination with Pharmacologic Management services are not required to have Provider Adult administrations. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services.

In addition, individuals who had a Provider Adult rating but did not have an eligible Adult claim were added to the "Provider Adult Expected" column. Individuals with eligible claims will be exempted from the count of "Provider Adult Expected" if there is no valid "Provider Adult Received" but a valid Youth Outcomes rating was submitted instead within the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007)¹. (Also see sections on Youth Outcomes.)

Provider Adult % --the percentage of the number of individuals in the "Provider Adult Received" column divided by the number of individuals in the "Provider Adult Expected" column.

Ohio Scales Youth Received--the number of individuals with at least one Ohio Scales Youth rating in the statewide Outcomes database with an administration date during the last last quarter of FY07 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" variables completed were not included.

Ohio Scales Youth Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 12 and less than 18 years of age and who had an eligible claim with a service date during the last quarter of FY07 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services.

In addition, individuals who had an Ohio Scales Youth rating but did not have an eligible claim were added to the "Ohio Scales Youth Expected" column. Individuals with eligible claims will be exempted from the count of "Ohio Scales Youth Expected" if there is no valid "Ohio Scales Youth Received" but a valid Adult Outcomes rating was submitted instead within the last quarter of FY07 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007)¹. (Also see sections on Adult Outcomes.)

Ohio Scales Youth %--the percentage of the number of individuals in the "Ohio Scales Youth Received" column divided by the number of individuals in the "Ohio Scales Youth Expected" column.

Ohio Scales Parent Received--the number of individuals with at least one Ohio Scales Parent rating in the statewide Outcomes database with an administration date during the last quarter of FY07 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" variables completed were not included.

Ohio Scales Parent Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 5 and less than 18 years of age and who had an eligible claim with a service date during the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services.

In addition, individuals who had an Ohio Scales Parent rating but did not have an eligible claim were added to the "Ohio Scales Parent Expected" column. Individuals with eligible claims will be exempted from the count of "Ohio Scales Parent Expected" if there is no valid "Ohio Scales Parent Received" but a valid Adult Outcomes rating was submitted instead within the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007)¹. (Also see sections on Adult Outcomes.)

Ohio Scales Parent %--the percentage of the number of individuals in the "Ohio Scales Parent Received" column divided by the number of individuals in the "Ohio Scales Parent Expected" column.

Ohio Scales Worker Received--the number of individuals with at least one Ohio Scales Worker rating in the statewide Outcomes database with an administration date during the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" variables completed were not included.

Ohio Scales Worker Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 5 and less than 18 years of age and who had an eligible claim with a service date during the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007). Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services.

In addition, individuals who had an Ohio Scales Worker rating but did not have an eligible claim were added to the "Ohio Scales Worker Expected" column. Individuals with eligible claims will be exempted from the count of "Ohio Scales Worker Expected" if there is no valid "Ohio Scales Worker Received" but a valid Adult Outcomes rating was submitted instead within the last quarter of FY06 and the first three quarters of FY07 (i.e., April 1, 2006 to March 31, 2007)¹. (Also see sections on Adult Outcomes.)

Ohio Scales Worker %--the percentage of the number of individuals in the "Ohio Scales Worker Received" column divided by the number of individuals in the "Ohio Scales Worker Expected" column.

Note 1: In the case of both valid Adult Outcomes and valid Youth Outcomes being submitted for a consumer, individuals will be included in both the "Adult Outcomes Expected" and "Adult Outcomes Received" as well as the "Youth Outcomes Expected" and "Youth Outcomes Received" columns.

Note 2 : Please note that there are now three levels of algorithms used in producing the Missing Data Report. They are the Statewide algorithm, board-level algorithm, and the agency-level algorithm. The agency-level algorithm includes unique UCIs within an agency but allows duplication across agencies. If more than one agency submitted Outcomes for the same consumer, the consumer will be counted in each agency's Outcomes Expected and Outcomes Received columns respectively. The board-level algorithm includes unique UCIs within a board but allows duplication across boards. If more than one board submitted Outcomes for the same consumer, the consumer will be counted in each board's Outcomes Expected and Outcomes Received columns respectively. The Statewide algorithm includes unique UCIs in the whole Ohio Mental Health Consumer Outcomes System and no duplication is allowed. Since there are different levels of duplications allowed in these algorithms, the board-level Outcomes results will NOT be the sum of all agency Outcomes results within that board. Similarly, the Statewide Outcomes results will NOT be the sum of all board Outcomes results.
