

Ohio Mental Health Consumer Outcomes System: Missing Data Report 5
Individuals with Outcomes Ratings in the Statewide Database Compared to Individuals with Eligible Claims
October 1, 2003 to September 30, 2004

The following table compares the number of individuals with Outcomes ratings in the statewide database to the number of individuals with eligible claims for the last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004). Each column in the table is described below.

Board--an alphabetical listing of the 50 board areas in the state of Ohio.

Agency Name--an alphabetical listing of the agencies within each board area.

UPID--the unique provider identifier associated with each agency.

Adult Outcomes Received--the number of individuals with at least one Adult Consumer Form A, Adult Consumer Form B or Provider Form A rating in the statewide Outcomes database with an administration date during the last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" variables completed were not included.

Adult Outcomes Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes system. More specifically, the number of individuals who were at least 18 years of age and who had an eligible claim with a service date during the last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004). Eligible claims were determined by the criteria set forth in "The Ohio Mental Health Consumer Outcomes System: Procedural Manual," page 3-9. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services. The procedure is detailed in the document "Procedures for Preparing Outcomes Expected (OE) and Outcomes Received (OR) for Missing Data Reports" (revised Jan 12, 2005). In addition, individuals who had an Adult Outcomes rating but did not have an eligible Adult claim were added to the "Adult Outcomes Expected" column. Individuals with eligible claims will be exempted from this list if there is no valid "Adult Outcomes Received" but a valid Youth Outcomes rating was submitted instead within the last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004)*. (Also see sections on Youth Outcomes.)

Adult OR/OE--the percentage of the number of individuals in the "Adult Outcomes Received" column divided by the number of individuals in the "Adult Outcomes Expected" column.

Youth Outcomes Received--the number of individuals with at least one Ohio Scales Youth, Parent or Agency Worker rating in the statewide Outcomes database with an administration date during last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004). In order to be included in this column, individuals had to have at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" variables completed were not included.

* In the case of both valid Adult Outcomes and valid Youth Outcomes being submitted for a consumer, individuals will be included in both the "Adult Outcomes Expected" and "Adult Outcomes Received" as well as the "Youth Outcomes Expected" and "Youth Outcomes Received" columns.

Youth Outcomes Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes system. More specifically, the number of individuals who were at least 5 and less than 18 years of age and who had an eligible claim with a service date during last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004). Eligible claims were determined by the criteria set forth in "The Ohio Mental Health Consumer Outcomes System: Procedural Manual," page 3-9. For those individuals who received eligible services from more than one agency, the assignment for the major responsible service provider was determined by an algorithm with all types of eligible services. The procedure is detailed in the document "Procedures for Preparing Outcomes Expected (OE) and Outcomes Received (OR) for Missing Data Reports" (revised Jan 12, 2005). In addition, individuals who had a Youth Outcomes rating but did not have an eligible claim were added to the "Youth Outcomes Expected" column. Individuals with eligible claims will be exempted from this list if there is no valid "Youth Outcomes Received" but a valid Adult Outcomes rating was submitted instead within last three quarters of FY04 and the first quarter of FY05 (i.e., Oct 1, 2003 to Sep 30, 2004)*. (Also see sections on Adult Outcomes.)

Youth OR/OE--the percentage of the number of individuals in the "Youth Outcomes Received" column divided by the number of individuals in the "Youth Outcomes Expected" column.

* In the case of both valid Adult Outcomes and valid Youth Outcomes being submitted for a consumer, individuals will be included in both the "Adult Outcomes Expected" and "Adult Outcomes Received" as well as the "Youth Outcomes Expected" and "Youth Outcomes Received" columns.

Note: Please note that there are now three algorithms used in producing the Missing Data Report. They are the Statewide algorithm, board level algorithm, and the agency level algorithm. The agency level algorithm includes unique UCIs within an agency but allows duplication across agencies. If more than one agency submitted Outcomes for the same consumer, the consumer will be counted in each agency's Outcome Expected and Outcomes Received columns respectively. The board level algorithm includes unique UCIs within a board but allows duplication across boards. If more than one board submitted Outcomes for the same consumer, the consumer will be counted in each board's Outcomes Expected and Outcomes Received columns respectively. The Statewide algorithm includes unique UCIs in the whole Ohio Mental Health Consumer Outcomes System and no duplication is allowed. Since there are different levels of duplications allowed in these algorithms, the board level Outcomes results will NOT be the sum of all agency Outcomes results within that board. Similarly, the Statewide Outcomes results will NOT be the sum of all board Outcomes results.

Outcomes Results by Boards (Please see Note in Page 2)
