

# Strategic Prevention Framework

## The Model for Ohio's Future

# Objectives

- Provide an overview of the Strategic Prevention Framework.
- Provide background of Ohio SPF-SIG project
- Provide progress of Ohio SPF-SIG project.
- Discuss importance of SPF infrastructure in Ohio and its relationship to IHE.

# Key Principles of the Strategic Prevention Framework

- Public health approach
  - Agent**- ATOD use & consequences of use
  - Host**- ATOD users
  - Environment**- Climate that encourages, discourages or sustains substance use
- Strategic planning process
- Data used throughout the process to inform decisions
- Outcomes-based prevention
  - Population level changes in consumption and consequences**

# The SPF Principles

- Prevention is a continuum
- Prevention is prevention is prevention
- Successful prevention decreases risk factors and enhances protective factors
- Prevention requires adoption of known effective prevention practices within a framework that works

# The SPF Principles

(continued)

- Systems of prevention services work better than service silos
- Common data sets across service systems can help assess prevention efficacy and promote accountability
- Recognizes the importance of States and communities
- Comprehensively address substance abuse

# Outcomes-based Prevention

- Effective prevention is grounded in a solid understanding of alcohol tobacco and other drug *consumption and consequence patterns*
- Documenting the nature and extent of consumption (e.g., underage drinking) and consequences (motor-vehicle crashes) at the start is critical for determining intervening variables and aligning strategies to address them

# Outcomes-Based Prevention

Planning, Monitoring, Evaluation, and  
Replanning

# SAMHSA's Strategic Prevention Framework

Supports Accountability, Capacity, and Effectiveness

## **Assessment**

Profile population needs, resources, and readiness to address needs and gaps

## **Capacity**

Mobilize and/or build capacity to address needs

## **Planning**

Develop a Comprehensive Strategic Plan

## **Implementation**

Implement evidence-based prevention programs and activities

## **Evaluation**

Monitor, evaluate, sustain, and improve or replace those that fail

# SAMHSA's

## Strategic Prevention Framework

Supports Accountability, Capacity, and Effectiveness

Cultural competence and Sustainability are at the center of the Strategic Prevention Framework because they are integral to each step of the framework

# The SPF and Cultural Competence

Why cultural competence?

- To eliminate service and participation disparities for people of diverse racial, ethnic, and linguistic populations
- To consider culture, gender, ability levels, and sexual orientation in all aspects of the SPF
- To improve the effectiveness and the quality of the programs, policies and practices chosen to achieve outcomes

# The SPF and Sustainability

- Applies to more than funding
- Sustaining outcomes, not programs
- Think sustainability from the beginning
- Look to the system to sustain outcomes
- Sustain prevention by making it everyone's job!

# Elements of Sustainability

- Structures and formal linkages
- Champion and leadership actions
- Resources
- Administrative policies and procedures
- Expertise
- Ownership among stakeholders

# SPF Background

- Application Process & Timeline
  - Grant submitted 11/08
  - NOA received 2009
- Amount Awarded
  - SAMHSA awards \$10 million to Ohio
  - State awards \$6.2 million to ADAMHS/ADAS Boards

# SPF Background

- State level
- Local level

# SPF Background

- State level
  - SPF SIG Advisory Committee
  - SEOW
  - SPF SIG Project Staff
  - SPF SIG EBP
- Local level
  - Global
  - OSET
  - ODADAS
  - Data Committee

# Ohio's SPF SIG Goals

- Decrease the number of 18 to 25 year olds engaged in high risk use of alcohol
- Decrease the number of 18 to 25 year olds engaged in the use of illicit drugs
- Decrease the number of 18 to 25 year olds misusing prescription medications

# Ohio SPF SIG Strategic Plan

# Ohio SPF SIG Strategic Plan

- State plan
- Local plan

# Ohio SPF SIG Strategic Plan

- Local level
- RFP
- Bidders Conference
- Sub-recipient communities selected
- SPF-SIG Core Teams attended 5 Day SAPST Training

# Ohio SPF-SIG Sub-Recipients

| Counties   |          |
|------------|----------|
| Butler     | Lorain   |
| Columbiana | Mahoning |
| Clermont   | Portage  |
| Fairfield  | Sandusky |
| Franklin   | Stark    |
| Hamilton   | Wood     |
| Hancock    |          |

# Ohio SPF SIG Sub-Recipients

- **Mental Health and Recovery Services Board of Seneca/Sandusky/Wyandot Counties**
- **Butler County Alcohol and Drug Addiction Services Board**
- **Mental Health and Recovery Services Board of Portage County**
- **Mental Health and Recovery Services Board of Stark County**
- **Clermont County Mental Health and Recovery Services Board**
- **Fairfield County Alcohol Drug Addiction and Mental Health Services Board**
- **Columbiana County Mental Health and Recovery Services Board**
- **Mahoning County Alcohol and Drug Addiction Services Board**
- **Wood County Alcohol Drug Addiction and Mental Health Services Board**
- **Franklin County Alcohol Drug Addiction and Mental Health Services Board**
- **Hamilton County Mental Health and Recovery Services Board**
- **Alcohol and Drug Addiction Services Board of Lorain County**
- **Hancock County Alcohol Drug Addiction and Mental Health Services Board**

# Strategic Prevention Framework

# Strategic Prevention Framework

# CAPACITY AND COLLABORATION

## Community Wheel Diagram

# SAMHSA's Strategic Prevention Framework

Supports Accountability, Capacity, and Effectiveness

## **Assessment**

Profile population needs, resources, and readiness to address needs and gaps

## **Capacity**

Mobilize and/or build capacity to address needs

## **Planning**

Develop a Comprehensive Strategic Plan

## **Implementation**

Implement evidence-based prevention programs and activities

## **Evaluation**

Monitor, evaluate, sustain, and improve or replace those that fail

# Ohio SPF SIG Community Logic Model

# SPF - SIG Sub-Recipient Timeline

- Needs Assessment – 1/30/13
- Sub-target Needs Assessment – 2/28/13
- Logic Model – 3/30/13
- Theory of Change – 4/30/13
- Strategic Plan – 5/30/13
- Evaluation Plan – 6/30/13
- Implementation – 7/1/13

## OHIO SPF SIG RESULTS TO DATE

## **State-Level:**

- SPF SIG Advisory Committee established and active
- Evidence-Based Practices Workgroup established and active
- State Epidemiological Outcomes Workgroup established and active

## **Local-Level:**

- Capacity Building: “Wrap Around” Support Services – ODADAS, Global Training, Ohio’s SPF SIG Evaluation Team
- Capacity Building: Community coalitions in 13 ADAMHS/ADAS board areas implementing the SPF process
- Infrastructure: Coalition Building, Formation of Prevention Data Committees, Data Collection Systems
- Infrastructure: Carryover funds help SPF Ohio
- AlcoholEdu currently being implemented in IHE’s through SPF SIG

# OHIO SPF SIG LESSONS LEARNED TO DATE

## Collaboration Takes Time!

Coalition building is an arduous process in which relationships are developed, resources are shared, and the path toward sustainability is prepared.

# SO THE QUESTION IS... HOW CAN SYSTEMS?

## Throughout the 5 Phases of the SPF

(ADAMHS/ADAS Boards, Providers, Health Department,  
Colleges/Universities)

- Identify mutual needs and services?
- Share data?
- Integrate short-term and long-term processes?
- Coordinate or link services
- Assess their effectiveness?
- Think about the community wheel?

**THINK INFRASTRUCTURE!!**

# THINK SPF SIG

It's All About Capacity and Infrastructure!!

# SPF SIG Call to Action

Forming Partnerships in Prevention  
“We are stronger as a team.”
